Consultation and Planning Workshop for Research Collaboration

Beijing, 4-5 July 2018

Workshop Objectives

Workshop Objectives

- 1.To discuss and prioritize **research areas** for potential CAAS-CIAT collaboration.
- 2.To jointly develop **project concepts** for research, knowledge sharing and capacity building.
- 3.To formulate 3-year **collaborative plan** for proposed activities, teams and funding support.

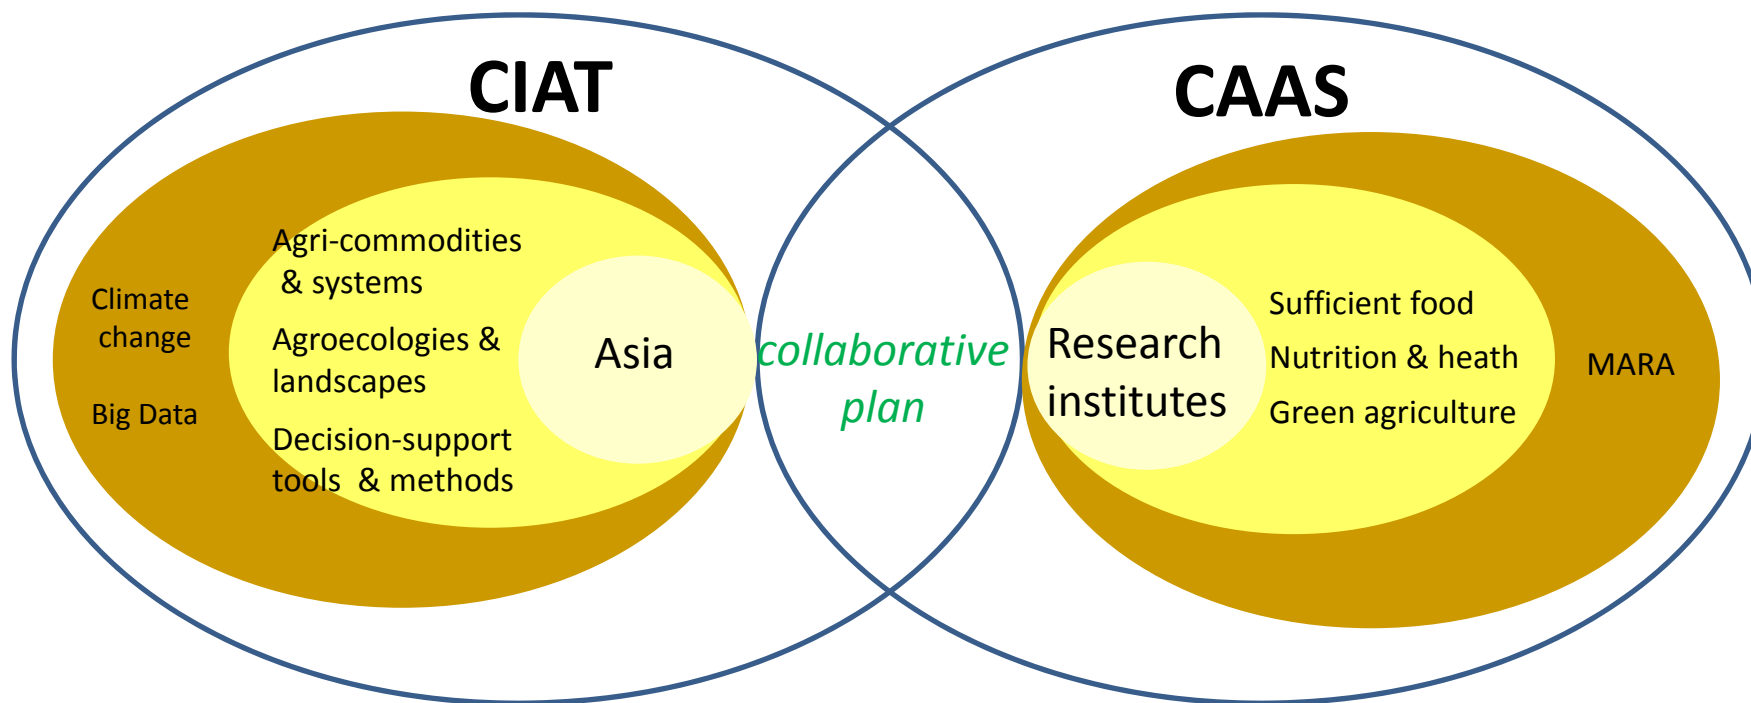

Potential Themes of Collaboration

1. Remote sensing and GIS applications for agri-environmental research
2. Tools for climate change modeling and scenario analysis
3. Sustainable landuse, soil and integrated farming systems management
4. Big Data and integrated foresight analysis
5. Others?

Framework for Collaboration

Potential Types of Collaboration

1. Implementation of:

- research
- capacity building
- knowledge exchange

2. Support to:

- CAAS/China
- CIAT/global
- Partner countries

3. Mobilization of:

- expertise
- people
- financial/other resources
